CENTERS IN WEST

Strikers are Greatly Encouraged By the Recent Developments.

MILWAUKEE VOTES TODAY

The Steel Workers Think They Will Yet Induce Chicago to Join Them.

COMBINE IS STILL CONFIDENT

Pittsburg, Aug. 17.—The strike interest now centers in the west, and it is said if the Milwaukee men come out the strikers will win a big victory.

The news from the west cheered the strikers throughout the districts in this vicinity as no further developments since the labor was declared. In their enthusiasm they count on favorable action at Milwaukee and carrying their hopes still further, say that they will yet win Chicago over. These successes, they declare, with apparent confidence, will make them masters of the situation and win the strike. The steel operators say the strikers are nearly at the flood tide of their success and that when the ebbs comes it can never be stopped. They do not seem to be disturbed by recent events and with a confidence equal to that of the strikers talk of the certainty of ultimate success. They assert that popular sentiment has never been behind the strikers and that the general interests which were once aroused by the contest is quickly waning. They claim that they are more than holding their own in the non-union plants that were unaffected, or have been started since the strike began, and are perfecting plans for re-opening several plants now idle. They also claim that many of their men, particularly at McKeesport, Wheeling and Bellaire were forced out by intimidation and will come back as soon as excitement subsides.

Two hundred men employed in the National Galvanizing Works of the National Tube works at McKeesport struck yesterday.

President Shaffer talked freely about the situation. When asked if Trustee Pierce had gone east to do some organizing he said:

"I will not talk on Mr. Pierce's trip."

"The Amalgamated Association never sought to organize those men," he said. "They sent word for us to send an organizer there. We did so with the result that is already known. We have not troubled ourselves about them since. They do not amount to a row of pins, and if they come into the association it must be voluntarily. I have received a telegram from Mr. Tighe, stating that the Joliet men are out and that he will go to Milwaukee."

MR. SIMMONS

Left at Noon for Grand Rivers to See Furnaces.

About \$10,000 to Be Spent before Repairs are Complete—Start Nov. 1st.

Mr. E. H. Simmons, of the firm of Simmons Hardware Co., of St. Louis, and wife, were in the city this morning en route to Grand Rivers to inspect the improvements made in the Grand Rivers iron furnaces. Mr. Simmons is a big stockholder in the furnace property and thinks the company will find the business very profitable.

"We have about one hundred men employed at the plant now getting everything in shape and we hope to have the furnaces in full operation by November 1."

We will employ about one hundred and twenty-five men regularly when in operation and the labor may go higher than this."

He said it would require at least \$10,000 to complete the work.

An inspection of the adjacent land has settled the fears of the stock holders as far as obtaining the ore is concerned as there is plenty to be had and with little expense offered to procure the same.

Mr. D. W. Layton, of St. Louis, an expert, accompanied Mr. Simmons.

PREACHER'S SON VERY ILL

Mr. J. B. Puryear is in receipt of a letter from Rev. George W. Perryman, pastor of the First Baptist church here, who is now visiting in Danville, Ky., saying that his little two year old son, George, Jr., is dangerously ill of a disease similar to diphtheria but that he may recover.

A GALA EVENT.

"The Kentucky" Announces the Opening Date.

"The Burgomaster" Comprising Eighty People Will Be the Attraction—Tuesday, Sept. 24, 1901.

A conspicuous advertisement in today's Sun tells of the opening date and attraction of The Kentucky. Not only the amusement lovers but the general public must find interest in facts given. The attention, therefore, of all is called to this advertisement.

The building of The Kentucky gives to Paducah what it has long needed—a first class place of amusement. The house is not only complete in all of its appointments but one just as serviceable for the purposes for which it was constructed as any to be found in the metropolitan cities. In its construction the use of money was only thought of after the demand had been supplied. Thus \$60,000 will have been expended by the builders of The Kentucky ere it is thrown open to the public.

The minds which first recognized the wants of Paducah and conceived the erection of this beautiful place of amusement are known to the Sun and later shall receive the praise due them. Today it seems best to land the Hotel company for its enterprise in erecting The Kentucky, solely at its own expense and without asking any assistance from the public. The latter however have a deep interest in the building and they too have an appreciation to show and which they will undoubtedly exhibit. The opening night of the grand play house will give them an especial opportunity in this way. Though Manager and Lessee English is untiring in his efforts to win favor for The Kentucky, having secured a most attractive and pleasing bill and planned, in all respects such "an opening" as is only witnessed in the leading cities, the entire profits of the opening night's entertainment go to the Hotel company. The people, therefore, to perform a duty which is due the Hotel company especially has only to fill The Kentucky on its opening night to overflowing, that the profits may be a sum alike flattering and substantial.

The prices of admission fixed for the initial performance at The Kentucky are not high. Theatrical history will justify the statement that they are most liberal. The usual opening prices on such occasions are twice as high as those announced for The Kentucky. One citation will do. When the new opera house in Anderson, Ind., was opened, a year or two since, \$10 was charged and the house netted the managers over \$20,000. The people had no reason to object, but they felt under obligations at the same time to the enterprising builders of the house and liberally manifested the fact. Paducahans are not expected to do so well, but they should not fail to do what is creditable and just. In a manner The Kentucky, it is true, is a private investment, but it is also a public utility and supplies a demand as such. A recognition of this fact is clearly due from the people.

Manager English has decided to begin the sales of reserved seats for The Kentucky's opening performance on September 3, at 9 o'clock a. m. The "box" will, for this one sale only be placed at the cigar stand in the corridor of the Palmer. Mr. English will be in control of the "box" himself. It is expected the "line-up" on this occasion will be not only a long one but an anxious one. It will be the first come the first served and there will be no deviation from the rule then or any other time. On this point the public can rest assured.

The bookings of The Kentucky already number sixty-five of the very best companies which will be upon the road, with negotiations on foot for dates with nearly as many more during the season. There will be no better attractions to be found in any city than Manager English will offer his patrons and of this the amusement lovers can rest assured. Subsequent announcements will justify The Sun in this statement.

A question sometimes heard is, who compose the Hotel company. Just that full praise may be given those to whom the public is grateful for the personnel of the company may be given: J. L. Friedman is president, Chas. Reed, vice president, James Utterback, secretary and treasurer, T. E. Moss attorney, who with J. W. Keller, S. B. Hughes and R. C. Utterback make up the board of directors. The city hold no more enterprising body of men, as all must agree. In time their beautiful theater building shall receive due detailed mention and some facts the public does not know will be then given.

CONCERT TOMORROW NIGHT.

Dean's Band will give a concert at La Belle park tomorrow night if the weather will permit.

TELEGRAPHIC NEWS IN BRIEF

New York, Aug. 17.—For several weeks long accounts of how Miss Ollie Tyson, of Todd county, Ky., had fallen heir to \$2,000,000, have been going the rounds of the press. There are today new developments in her claim to be one of the heirs to the estate of Mr. John Tyson, the multi-millionaire of Australia who died recently.

The other heirs of the estate, led by Charles Tyson, a grocer here, are preparing to make a vigorous dispute to her claims, and say they will show that she is not entitled to any share of the estate.

THEY SKIPPED.

NO CONVENTION.

The Populists did not hold their convention this afternoon as scheduled as there were only four members present. If another call is made it will be for the organization of a county committee. There were four members of the party present this afternoon and after waiting for the arrival of others a short time they all left the court house.

EXCURSION NEXT FRIDAY.

The Red Men, encouraged by the liberal patronage of their recent excursions, will give another excursion next Friday evening.

DRY TOWN.

Over in Illinois Water Sells for One Dollar a Barrel.

At Last Reports There Had Been No Rain For Months—Crops Ruined.

A dry state of affairs is reported from Goreville, in Johnson county, Ill., over on the C. and E. I. railroad. The drought seems to still be in undisputed sway, and water is retailing at one dollar a barrel. Corn is only two feet high, and dry as fodder. The town, since the railroad touched it, has grown to fair proportions and the water supply has been totally inadequate.

About the only salvation for the people has been a pond dug near the depot by the railroad to supply water for the engines. This is enclosed by an iron fence and no one is allowed to carry water away, but the dry weather has caused the tank to leak badly and the citizens of the village, driven to desperation, have dug a trench from the tank to an old well on a nearby lot and into this the waste water from the leaking tank is conveyed. In the morning the citizens go to this well and draw a supply of water to last them through the day. Often there is not enough water to go around and those who are so unfortunate as to be late must do without or buy. The water is not good but it is water and the people must have it.

MARRIED AT MARION.

MISS MARY BALLOWE MARRIED TO A LOUISVILLE MAN.

Miss Mary Ballowe, of North Seventh street, left the city a few days ago for Marion, Ill., on a visit. This morning relatives received a letter announcing that she was married there yesterday to Mr. J. V. Culley, of Louisville, a traveling man quite well known here.

The bride has been living with her mother, Mrs. Amanda Ballowe, and has resided here all her life. She met Mr. Culley at Marion by appointment and the marriage was consummated. They will reside in Louisville, but are now in St. Louis.

LABOR DAY.

MUSIC PROGRAM HAS BEEN ARRANGED FOR THE CELEBRATION.

The music program has been arranged for the Labor Day celebrations. Two bands from Central City and one from Renner, Ky., all composed of union miners, will contest for the supremacy at La Belle park on that day, and it is also probable that Dean's band will also participate, as it has been secured for the day.

The rates from Elizabethtown have been fixed at 50 cents for the round trip on the steamers City of Goldconda and from all points this side of Goldconda the round trip fare will be 25 cents.

NEW RULES

Examination of Many Officials in Progress Here Today.

WILL REQUIRE SOME TIME

One Hundred and Seventy Men Will Be Examined by September First.

THE NEWEST RAILROAD NOTES

Trainmaster Banks and Supt. H. U. Wallace are at present busy examining the conductors, engineers, firemen and brakemen of the Paducah district. After they have finished here they will go to the Evansville district to examine there. It will require the greater part of the next week to complete the examinations as there are so many employees to examine. On this district there are thirty conductors, forty brakemen, fifty engineers and fifty firemen, making a total of one hundred and seventy to be examined. There are many more on the Evansville district and all the examinations will have to be completed before September 1, the date the new rule book goes into effect.

Operator Thomas, of the train dispatcher's office, was on the sick list yesterday.

Mr. C. J. McCarty, an employee of the machine department of the Illinois Central here, mashed his finger this morning and was unable to resume his work. He will be able to report for duty Monday however.

The new carpenter shop at Fulton has been completed, and is 100x100 feet. A supply house is also being built there.

Mr. A. D. Brooks, superintendent of water supply of the I. C., Paducah district, returned to Central City to day at noon after a brief business trip here.

AMENDED PETITION.

ATTORNEYS FILED ONE TODAY IN THE CHESTERFIELD CASE.

Attorneys Greer and Reed, who yesterday filed a suit for the City National Bank against Mr. Wm. Chesterfield and the Paducah Packing Co. for \$350, and asked that the affairs of the company, better known as the "canning factory," be wound up as an insolvent company, this morning filed an amended petition, setting forth that a mistake was made, and disclaiming the allegations as to the solvency of the company, asking that judgment be rendered against Mr. Chesterfield, and his individual stock or any other interest he has in the company, be sold to satisfy the claim.

Bids for School Improvements Held Up Until Next Monday.

One Hundred Dollars Found to be Illegally Appropriated—Taken From Another Fund.

The board of education met last night in called session to consider bids for heating the Broadway school building and putting in plumbing at two of the other buildings. The bids had not been opened, and as T. J. Foley, of Evansville, telegraphed that he desired to submit a bid, and it was not certain whether the bidders had prepared their bids separately for each job as the board desired, it was decided to defer the matter until Monday.

President Reddick stated that the \$100 appropriated at the last meeting for the library cabinet was illegal, as the charter expressly prohibited it. It was then decided to appropriate the money from the tuition fund instead of from the one which it was drawn, and in this way the law is dodged. The tuition fund is the one derived from pupils who live outside of town and pay to attend school. The board adjourned until Monday night.

GOOD INCREASE

Bank Clearings Show a Big Gain Over the Same Week Last Year.

FALL TRADE OPENING UP.

Local Wholesalers Satisfied With Present Indications for the Coming Season.

THE FACTORIES ARE ALL BUSY.

Clearings this week, \$473,040.28.

Same time last year, \$410,308.

Business at the banks this week show a good improvement in clearings over the same week last year. The general banking business is very good and local bankers are satisfied with the prospects for the immediate future. The demand for money at all centers is steady and the indications are that rates will stiffen up as a result. The banks are the best indicators of the volume and strength of business and from the reports of the past few weeks general business all over the country is good, the clearances showing wonderful increases over the same period last year in a great majority of the cities.

Wholesale trade is good in most lines and fall trade is opening up very well in some districts. The rains of the week have contributed some consolation and hope to the average merchant and he is not feeling so blue over the outlook. Local wholesalers are not complaining but find things very satisfactory.

"Retail trade is dull," is the report from numerous sources. It is no

duller than at other years at this season however. Some fall goods are being shown in some lines but it is too early to expect much trading of that sort.

The manufacturers are all running full force and bookings of orders are very satisfactory.

Real estate market is good for the season and building is very active.

There were only two other cases in the police court this morning: James Fletcher, colored, charged with stealing lead that belonged to Mr. B. T. Davis, the contractor, was held in the sum of \$100.

Ella Hamilton, for using insulting language towards Ella Ward, was fined \$1 and costs.

SENTENCED FOR THIRTY DAYS.

the Memphis Commercial-Appeal implies an off found hostility that exists against it in many quarters:

Subscriber—1. Yes, the large number of school children ordered vaccinated will cost quite a sum. 2. We do not know whether or not vaccination prevents smallpox or mitigates its severity if taken. Neither does any one else know. Scientists believe in it; other scientists do not. It may be a boon to mankind; thirty years ago from now it may be pronounced a barbarity and thrown in the trash pile with bleeding and burning once so popular and scientific. There is no way of knowing whether or not the vaccine is pure. Evil results often follow inoculation. Where vaccination has been abandoned smallpox has been reduced to a minimum. Statistics are against it; science or pseudo-science is for it. Its use or non-use is probably like marrying or not marrying: Either way you'll wish you hadn't.

Mrs. Carrie Nation has learned a thing or two. She was galavanting around on a St. Lawrence river excursion boat Thursday evening a tirade against the use of tobacco and incidentally snatching cigars from the mouths of passengers, when she tackled a New York drummer. When she attempted to get his cigar he slapped her in the face. This ended the crusade, and when the drummer discovered the identity of the fanatic he apologized. She spoke twice at Watertown under the management of a saloon keeper and was greeted by hisses. Obviously the people are tired of Mrs. Nation.

The Eastington Bee has just issued a handsome special edition containing a complete history of the Kentucky coal fields, with photographs of many prominent men engaged in the coal business. The descriptions are by Mr. C. J. Norwood, former mine inspector for Kentucky, and Mr. George Stone, present mine inspector for Kentucky. "Remedial Suggestions" is contributed by Mr. James W. Deacon, formerly secretary of the Kentucky Coal Exchange. The edition is a credit to the Bee, and is well worth having on one's table.

Has the Board of Education ever complied with this section of the charter? "Said Board shall at the end of each scholastic year, prepare and cause to be published, a printed statement, showing the number of pupils in each school, with the general condition and educational progress made therein, the amount, character and condition of all funds and other property belonging to said schools, together with such information as may be proper or necessary for the benefit of said schools and the general public."

Sam Jones thus pays his respects to the Democratic party: "I feel sorry for the Democrats. The Republicans have let them down in a well and pulled up the ladder. As long as the Democratic party has leaders like Tillman and Altgeld they will have to take deck passage on the ship of state. There ain't a stateroom in any decent ship that would give them quarters. They have got to put the brains in front and couple the brains to the mouth of the party or the Republicans have a cinch on this government for a hundred years."

Michael Davitt, the Chicago Irish leader, arraigned Irish sympathizers in America the other day for their lack of loyalty and the scanty aid given to the struggling nation across the sea. But what's the use in the genial Celts living in Ireland at all, when they can come to America and be happy? There may not be enough police jobs to go around but there's plenty of room for them all.

President McKinley will shortly issue a formal notice to the world that St. Louis is to have an exposition in 1903, and inviting all nations to participate. A commission visited the president at Canton a day or two ago and presented him with a souvenir in the shape of an album with views of the site and points of interest in St. Louis.

Henderson's city attorney has discovered that there is no provision in the charter of the third class authorizing cities to acquire and maintain public libraries, but the council has accepted Mr. Carnegie's \$25,000 donation provided the next general assembly passes a special act enabling Henderson to maintain the library.

The readers of this paper will be pleased to learn that there is at least one dreadful disease that science has been able to cure in all its stages and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. IMPORTANT CASES.

KENTUCKY MEN TO BE TRIED AT METROPOLIS THIS MONTH.

Circuit court begins at Metropolis on Monday, August 26, and the most important case on the docket is that against Clem Ferguson and Leslie Taylor, of this county, for the murder of Marshal Gus H. Cronch at Metropolis several months ago.

Attorneys Moss and Lightfoot, of the city, Kerr, of Metropolis and Spann, of Vienna, have been employed to defend, and the biggest legal battle ever fought there is expected.

Another case that will attract attention is that against Al. Pritchett and Jim Mason, the Mayfield youths who shot Constable Rankin back of Brookport. Judge B. O. Jones, of Metropolis, and Attorney Spann, of Vienna, have been employed to defend.

DATE CHANGED.

THE ENCAMPMENT AT METROPOLIS TO BE HELD IN SEPTEMBER.

Gen. Martin, of Salem, Capt. Dillon, of Benton and Major Kurghoff, of Nashville, held a meeting at Metropolis and decided to change the date of holding the encampment of Southern Illinois soldiers and sailors, set originally for October 2, 3 and 4.

Owing to the fact that the state fair, national encampment and other things would interfere, it was deemed expedient to have the encampment on September 25, 26 and 27 and the date so fixed.

STENOGRAPHER RESIGNS.

MR. JOHN CONNELL WILL PROBABLY GO TO THE TENNESSEE DIVISION.

Mr. John Connell, private secretary and stenographer in Train Master Bank's office, has resigned his position and will probably go to the Tennessee division as timekeeper.

The position offered him is now held by Mr. J. C. Peters who will return to Louisville. Mr. Connell will probably accept the position but will first go to Louisville on business before going south.

Mr. J. K. Johnson, of Princeton, is in the city and will succeed Mr. Connell in Train Master Bank's office.

Mr. Connell has made many friends during his stay in Paducah and they will regret to learn of his departure.

LABOR DAY ADDRESS.

MR. CHARLES P. FAHEY, OF NASHVILLE, CONSENTS TO SPEAK HERE.

A dispatch from Nashville announces that Mr. Charles P. Fahey, a labor leader of that place, has been invited to deliver the Labor Day address in Paducah and has consented.

MARRIED AT CAIRO.

Mr. William P. McCartney, formerly of Metropolis, who has been studying law here under Major Moss and Miss Johanna Theodora Davis, of Metropolis, who has been governess to his children by a former wife at Champaign, Ill., were married at the Halliday house, Cairo, day before yesterday. The bride has several sisters here.

DEATH OF A BRIDE.

Mrs. William Herring died yesterday at Fulton from consumption, after a long illness. She was married only a few days ago, and was formerly Miss Maude Bard. The marriage was consummated in order that the young people who had been sweethearts for quite awhile, could be together until the last. The funeral took place this morning at 10 o'clock.

CIRCUIT COURT AT EDDYVILLE.

Circuit court will begin at Eddyville Monday, Judge Thomas P. Cook presiding. The dockets are light. The most important case to come up will probably be that against Al. Tumbull for the murder of Newton Riley. There are a number of important civil cases.

EXCURSION POSTPONED.

The Dick Porter, on account of the rain, will not make the trip to Cairo tonight, taking the excursion party intended. The excursion will be run next Saturday night, August 24 instead.

EXCURSION TO CHICAGO.

The annual excursion on the I. C. will be given this year August 30th. Fare for the round trip, \$5.00. Tickets are good up to August 28th.

MID-AUGUST.
August, Sweetheart of the Sun, Summer work is nearly done. While the idle days are going List thy ardent lover's wooing.
Now the year is in its prime, Take thy brief vacation time. Stubbly fields are brown and yellow, Pippins ripe are shining mellow.
Ranks on ranks of growing corn, Jeweled by the dew of morn, - Whisper in the evening airs Like a legion saying prayers.
Farmer boys on loaded wains, Harvest moons on gathered grains; Tender hearts a bit forlorn, Summer's turned another corner!
- E. C. Tompkins in Frank Leslie's Popular Monthly for August.

IDLENESS SAT IN THE WILDERNESS.
Idleness sat in the wilderness. And beyond was the nation, laboring and sweating, nervous, restless, transfixed under the bondage of toil. Idleness put on her gayest garb, and a band of merry-makers came out through the gate of the great nation and wooed her. They lay at her feet, and the homes that they once knew, knew them no more.
But Idleness sighed. It was not for these that she longed. She looked beyond the gate of the great nation and saw a man bending over his labor. Absorbed in his task, his eyes never wandered. For years Idleness had beckoned, but he had never seen her. One day the man slept.
And when he awoke his face was turned toward the place where Idleness sat in the wilderness. And he thought that all the beauty of the world was in those eyes and those arms held out to him.

But the man was stubborn, and went to his work. Still, he dreamed. He dreamed of her whom he had seen, and there were times when he looked out beyond the gate and saw the figure of Idleness, always looking at him, always beseeching him with tender eyes.
The man said to himself that he was doomed. He knew, somehow, that the time would come when he would leave his work and go out to this pleading figure. And he quailed at the thought. All his energy would be wasted, all his toil for naught. And the time came.
Idleness laughed in her new joy, and pointed to the impotent wretches at her feet. "These are my victims," she cried. "But you—you are my master. Why have you delayed so long? Know you not that I love you? I know that I may never conquer you and it is because of this that I am ready to be your slave."
And the man wandered with Idleness through the fields.

They plucked flowers by the wayside, and sat in the cool shade of the great trees that nodded down to them from the heights above. The music of the waters stirred the soul of the man within him, and great thoughts came surging to his awakened mind. His eyes beheld visions, and he came to know Idleness in all her wayward moods. Great Nature gathered him to her heart, and there came an hour when the man looked up at the sounding dome of heaven and said even as one in a dream: "And this I thought my doom! How little I knew!"
The next day he went back to work. Idleness sat in the wilderness. And beyond was the great nation, toiling and sweating.
And there came a man out of the gate.

On his face Power had put her mark, and as he strode, stalwart and erect, toward the place where Idleness sat in the wilderness, all the people made obeisance to him. Among them none was greater than he, and Idleness bowed her head before his glance.
"My Master," she said humbly. "I sought you out in the days of your youth and you came to me. It was my love that made you what you are, yet you know well that you must not dwell with me too long, and so you went back. And now once more you stand before me. What would you?"
- And the man of power stretched his hand toward the great nation, toiling and sweating under the sun of heaven.
"Save my people," he said. - Tom Mearns, in Ladies' Home Journal.

STAY-AT-HOME GIRL.
Society's low-water mark has been passed, it would seem, and now the rising tide has begun. The week has been distinguished by a sufficient number of entertainments to be reckoned as quite gay, especially when compared with the recent quietude. La Belle park has been the scene of most of the week's pleasure. The pavilion is a popular place for dancing, and there is something very attractive about an entertainment there, many being beguiled into going who would not otherwise care for dancing in the summer.
While it may have been somewhat quiet in a social way during the summer you will not find the stay-at-home-girl complaining of any dullness, in fact, she has been at her high tide of pleasure and in a "quiet way" has kept very busy indeed. If you ask her what she has been doing

with herself these summer days, if time has been heavy, and if she misses her absent friends? she will look deliciously demure and answer that she has managed "to exist quite pleasantly, and that Paducah is not half so bad a summer resort." The truth is she has had a monopoly, her own popularity has kept her busy, all the powers of fascination have been brought into action. Not only has she had her own special beaux to entertain and be charming to, but she has had to sympathize with and cheer the lonely sweethearts of her dear friends who have been outgotten enough to go off to other fields seeking pleasure, and thus leave their own pleasures unguarded. And coming to her for comfort they have lingered not unwillingly, for in her efforts to cheer their loneliness and shall one be unkind enough to say, to hold them—she has proved so beguiling, these moonlight nights on land and on water, in the quiet stroll on the cozy veranda, or in the shadows of the park, wherever they may have wandered, that Cupid's mischief is done, and the girl who has sought pleasure afar, may find on her return that the stay-at-home girl has reaped the richer harvest, and those whom she once counted her own, have passed out of her service, and are slaves to another's whims; and the hand that holds the silken reins is that of "mine own familiar friend," who is apt to sing with an unkind emphasis:
"Stay, stay at home my heart and rest.
Home-keeping hearts are happiest,
For those that wander here and there
Are full of sorrow and full of care."

MR. AND MRS. LUTHER GRAHAM ENTERTAIN.
The German given by Mr. and Mrs. Luther Graham at La Belle park pavilion on Thursday evening complimentary to Miss Lillie Mae Winstead, Miss Blanche Hills and Miss Corinne Winstead, was a most charming affair. Mr. Roy Cully and Miss Faith Langstaff led, and roses, were effectively used as favors. It was an occasion of much pleasure to the numerous guests, who were:

THE INFORMAL AFFAIR.
There have been several informal affairs this week in the form of fascinating porch parties of-of-door nauticals, swimming parties and the small card party, all "too small to be noticed"—as claimed—but none the less delightful and enjoyable for all that. Some of Paducah's most admired musical talent helped to give pleasure to the "small and early" porch party to a great extent. The guest of honor at several of the informal gatherings of the week was Mrs. G. H. Warnken of Clarksville, who is always a popular visitor to Paducah and whose friends delight to do her all honor.

ENJOYABLE YACHTING PARTY.
A pleasant sail was enjoyed on the Brook Hill on Thursday evening. The party was in honor of Mrs. G. H. Warnken, of Clarksville, Tenn., and was a very delightful occasion. Those composing the party were: Mr. and Mrs. Cook Husbands, Mr. and Mrs. Oscar L. Gregory, Mrs. G. H. Warnken, of Clarksville, Mrs. Mildred Davis, Misses Martha Davis, Miekie Hansbro, Carrie Rieke, Roscoe Reed, Messrs. Abraham L. Weil, W. B. McPherson and Frank Davis.

A PLEASANT EVENING.
Mrs. O. P. Parker, of West Jackson street, entertained most pleasantly on Wednesday evening in honor of her brother, Mr. Herman Frye of Jackson, Tenn. Quite a number of guests were invited and the evening was spent most enjoyably in dancing and varied amusements. Delicious food and cake were served during the evening. Among the guests were: Misses Nora Johnson, Edna Johnson, Ruth Jones, Amy Judd, Frances Yopp, Vera Williamson, Mayne Phelps, Kate Overstreet, Myrtle Taylor, Helen Martin, Mamie Cose, Pearl Rieke, Ella Young, Millie Young, Tillie Oehlhaefer, Messrs. JACKSON STREET CLUB.
The Jackson street club held a most enjoyable dance at La Belle park pavilion on Friday evening. A large crowd was in attendance notwithstanding the inclement evening and the hours were passed most pleasantly.
THE COMING WEEK.
The Cotillon club will have a dance on Monday night at La Belle park pavilion.

The Mexican Herald, published in the City of Mexico, in its society notes of a recent date, gives a telegram from Paducah announcing the marriage of Dr. Victor Voris to Mrs. Eva Shelley Hurly, of Dallas, Texas,

Penn, Horace Sowell, L. G. Gant, Oily Allard, Douglass Bagby, Roscoe Reed, Stuart Sinnott, Morton Hand, Herbert Wallerstein, Milton Wallerstein, Abram Weil, Frank Judge, Robert Dorris, Vaughan Dabney, Roy McKinney, Jack Elliott, Garrard Barrett, of Greenwood, Miss., Joseph L. ZENDA CLUB DANCE.
The Zendia Club gave one of their usual delightful dances at La Belle park pavilion on Wednesday evening. Quite a number of the club members were in attendance as well as some outside guests, and the occasion was greatly enjoyed.

Stewart, Mrs. Leslie Thompson; Mrs. James Foster; Miss Alice Beaumont; Mafeld; Miss Mary McDonald; of Mayfield; Misses Frances Herndon, Birdie Gilbert, Dorothy Brower, Sophie Burnett, Irene Schwab, Annie Street, Myrtle Bryant, Lula Kirchoff, May V. PRESS ASSOCIATION PARTY.
By one and by two the Press Association representatives from Paducah have been returning home during the week, and they are not all in yet. Mr. E. W. Whittemore came in the first. Messrs. David Sanders and Dow Wilcox arrived on Friday by way of St. Louis. Mrs. Wheeler Campbell and Miss May Terrell who stopped in St. Louis arrived today, and Misses Mary and Anne Roswell are still in the west and will remain some time touring it with Mr. and Mrs. Mott Ayers of Fulton. All who attended report it a most enjoyable occasion, and royal treatment was accorded Kentucky everywhere. All through Missouri, Utah, at Denver, whatever she wanted was hers. Salt Lake City came to have been most kindly hospitable, and one of the party is almost ready to announce himself a convert to Mormonism, especially when he tells of the pretty girls he saw and met there. The president of the Mormon church was quite agreeable to the party, and his daughter was a charming young woman. They were given a big hall and danced on a floor built to accommodate 5,000 people and not be crowded. They floated around on Great Salt Lake too, and found it somewhat different from La Belle park lake but altogether they enjoyed life to the utmost and have much to tell you of the glorious scenery and the beautiful country besides.

THE SUMMER GIRL.
Premiere.
Oh! summer girl, summer girl, fickle and fair,
I contend you're a mathematician,
A few lines 'twill take me to prove that this is
Not a theory, but a condition.

Our attention's divided, you add to our cares
I find that you multiply all of our joys
And subtract from our cash—that's the state of affairs.

The Commercial-Tribune of Wednesday says: "The meeting at Baltimore will be held on October 8 and 9, and is in the interests of improving waterways. This meeting was originally supposed to be held at Louisville, Ky., and when a conference was called in this city to select a meeting place, that body of men who represented cities from Pittsburgh to New Orleans selected the city on the Ohio falls as the proper place to hold a national gathering of rivermen, but the New Orleans delegation after leaving the city, sent word that the selection was not approved by them, and they selected Baltimore as the place. The change of meeting place angered many river men, especially several of the officers of the Ohio Valley Improvement Association, and they will not have anything to do toward helping the convention along."

Captain Henry Parlee of St. Louis, pilot on the Harvester, has in his quarters on the boat a pot 'possum, which was taken from a piece of driftwood on which the animal was floating down the river at a point between Helena and Greenville. The manner of the 'possum's presence in the river is considered a mystery among river men, who declare that the animal is rarely ever found near water.

An effort will be made to have the Morning Star take Louisville's delegation to the meeting of the Ohio Valley Improvement Association to be held at Paducah next October. This would mean that Cincinnati, Pittsburgh and other up-river cities would have their delegations there to enjoy the junket.

There is said to be another rise in the price of coal, and about 70,000, 000 people in this country would like to know the reason why. The drought has certainly not injured the coal crop. It looks very much like a case of the coal trust squeezing the people for a few more millions to buy up and monopolize some other necessary of life.

Captain Frank Farnsley and son, Pilot Wallace Farnsley, have gone to Cairo to take out the steamer Beaver to Caruthersville and from there to St. Louis. They will then bring the boat back to Paducah.
